

✓ Activity/ Situation	COVID SECURE ARRANGEMENTS				
Location	Askwith Primary School				
Persons at Risk	Pupils ☑	Employees☑	Visitors ☑	Contractors ☑	
HAZARD(S)	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ul style="list-style-type: none"> ✗ Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed ✗ Social Distancing Measures Not Followed During Travel to and from School ✗ Inadequate Cleaning/Sanitising ✗ Shared Resources ✗ Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors ✗ Site User Becoming Unwell ✗ Site User Developing Symptoms ✗ Inadequate Hand Washing/Personal Hygiene ✗ Inadequate Personal Protection & PPE ✗ Visitors, Contractors & Spread of Coronavirus ✗ Inadequate Ventilation 				
CONTROL MEASURES		ADDITIONAL INFORMATION	YES	NO	N/A
<p><i>Note: you must amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>					
<p>In considering all of the below risks and potential control measures, please be mindful of your duties under the Equality Act by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics</p>					
<p>Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed</p>					
Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group	Class-size bubbles: N and R Year 1 and 2 Year 3 and 4 Year 5 and 6	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups	Daily registers for: Breakfast Club ASC Classes Staff timetable	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Distinct groups or 'bubbles' that do not mix are maintained which makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate and to keep that number as small as possible	Class-size bubbles: N and R Year 1 and 2 Year 3 and 4 Year 5 and 6 Breakfast Club and ASC bubbles are kept the same as class bubble.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Primary schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this	Class size bubbles: N and R Year 1 and 2	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

will help to reduce the number of people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).	Year 3 and 4 Year 5 and 6 There are no more than 30 children in each bubble			
Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups	Staggered <ul style="list-style-type: none"> arrival and departure playtimes lunchtimes No group assemblies	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools with the capability to do it should take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible	Classes remain in the same room other than lunch Staff clean benches and tables between bubbles (recorded)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group	Children receive regular reminders to avoid unnecessary physical contact	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport	Small groups will mix during: <ul style="list-style-type: none"> School transport Breakfast club/ASC children will be separated in bubbles (may need different room depending on numbers) 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Siblings may be in different groups		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Teachers and other staff operate across different classes and year groups in order to facilitate the delivery of the school timetable		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	Where possible staff will maintain a 2 metre distance from each other <ul style="list-style-type: none"> keep to left in corridors move back if another adult is entering or exiting room be aware of the position of other adults in the room The use of face coverings in areas outside the	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	classroom may be needed because the school is in an area on the watch list or at the head teacher's discretion (see Inadequate Personal Protection section of this RA)			
The number of interactions or changes are minimised wherever possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible adults maintain a 2 metre distance from each other, and from children	<ul style="list-style-type: none"> • move back if another adult is entering or exiting room • be aware of the position of other adults in the room • staff meetings via Teams 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adults avoid close face to face contact and limit time spent within 1 metre of anyone	<p>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</p> <p>(within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual</p> <p>Guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	19-infection-who-do-not-live-with-the-person			
Within the classroom a distance between people is maintained so far as reasonably practical	It is accepted that distancing may not be possible in primary schools	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are seated side by side and facing forwards, rather than face to face or side on	Tables have been rearranged in all classrooms so that they are forward facing – children are reminded regularly to face forward and stay seated	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff will work side on to pupils as opposed to face to face whenever possible	1:1 teaching or interventions limited to 10-15 minute sessions	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Educational and care support is provided as normal to pupils who have complex needs or who need close contact care with other increased hygiene protocols in place to minimise the risk of transmission	Support and care will be given to children with SEND and very young children who require personal care e.g. nappy changing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, local authorities, health professionals, regional schools commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Unnecessary furniture has been moved out of classrooms to make more space	Also cushions and dressing up clothes	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Large gatherings such as assemblies or collective worship with more than one group do not take place	No whole school or Key Stage assemblies will take place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The timetable and selection of classroom or other learning environment has been used to reduce movement around the school or building	Children will remain in their classroom wherever possible with the exception of PE and lunch	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school	A timetable of staggered starts and departures has been communicated with all parents – there is no reduction of teaching time	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents' drop -off and pick -up protocols planned to minimise adult to adult contact	CYPS Bulletin	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	Parents to drop off and pick up their children from the designated area <ul style="list-style-type: none"> no parent is allowed into the school building a staggered start and depart timetable is in operation a one way system is in place to minimise contact 			
All parents/carers entering the school premises (and in other congested areas around school premises) wear a face covering in addition to social distancing	This an extra safeguard to reduce the transmission of the virus. Please note that this does not apply to those who are medically exempt	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure that you inform those travelling by car that they should wait in their car until the specific drop off time.	This will reduce the amount of people assembling in and around the school grounds and will help with social distancing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure that you inform parents to maintain social distancing from others when dropping off and collecting pupils from school	Letters sent, text messages	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and pupils are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use only one adult per family should enter school grounds to drop off or collect)	The staggered times have been communicated to all parents via email/letter 03.09.20	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre -arranged appointment, which should be conducted safely)	This has been communicated to parents via email/letter 03.09.20 Regular reminders sent out or in action	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
External entrances to classrooms are used where practical		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Break times are staggered so that all pupils are not moving around the school at the same time	Staggered playtimes are in place – see timetable	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Lunch breaks are staggered	Staggered lunchtimes are in place – see timetable	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Numbers of staff using Staff Room are limited or the use of Staff Room is staggered to ensure that staff maintain 2 metres distance from each other	No more than 2 adults in the staff room at any one time Staff must still have a break of a reasonable length during the day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff meetings take place remotely where possible. Where this is not possible staff meetings take place in a large well ventilated room ensuring 2 metres social distancing at all times	Virtual staff meetings could take place where staff stay in their classrooms and join the meeting	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools can undertake educational day visits	Any educational day visits must be conducted in line with relevant coronavirus (COVID-19) secure guidelines and regulations in place at that time. This includes system of controls, such as keeping children within their consistent groups and the COVID-secure measures in place at the destination	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools can undertake domestic residential education visits, from 17 May	Any domestic residential educational visits must be conducted in line with relevant COVID-19 guidance and regulations in place at that time.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are kept within their consistent groups (bubbles) for the purpose of the domestic residential educational visit		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Given the likely gap in COVID-19 cancellation related insurance, schools considering booking a new visit are advised to ensure that any new bookings have adequate financial protection in place	You should speak to either your commercial insurance provider, the Risk Protection Arrangement (RPA) or an outdoor education adviser to assess the protection available and make sure it provides suitable protection in the	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	event of a COVID-19 related cancellation			
Schools do not go on any international visits this academic year up to and including 5 September 2021	The position beyond 5 September will be reviewed again in advance	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
From 8 March, school will work to resume all before and after-school educational activities and wraparound childcare for pupils, where this provision is necessary to support parents to work, attend education and access medical care, and is as part of pupil's wider education and training	Breakfast club and ASC has resumed (10.12.20) safety measures are in place This is dependent on the school being fully open not partially open	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Domestic and International residential educational visits must not take place at this time. This will be reviewed no earlier than 17 May		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School will work to resume all before and after-school educational activities and wraparound childcare for pupils	Breakfast club, ASC and Sports Club have resumed for all children	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School works closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
From 17 May, where wraparound and other extra-curricular activities for children are taking place indoors, they will be able to take place in groups of any number	However, it remain important to continue to minimise mixing between children, where possible. This can be achieved by continuing to keep children in consistent groups every time they attend the setting	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Smaller groups should be considered when it is not possible to keep children in consistent groups every time they attend the setting		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When considering appropriate group sizes important factors such as the recommended occupancy levels of the premises you are operating from and levels of ventilation are taken into account	For example, guidance for providers of grassroots sports and sport facilities recommends that the maximum occupancy of an indoor facility should be limited by providing a minimum of 100sqft per person.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	The guidance for providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school provision for children may help you to plan extra-curricular provision, including appropriate group size			
Activities taking place outdoors can happen in groups of any number	This is because the transmission risk is lower outside	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where parents are using external childcare providers or out of school extra-curricular activities for their children, you should also: <ul style="list-style-type: none"> • advise them to limit their use of multiple out-of-school settings providers, and to only use one out-of-school setting in addition to school as far as possible. • encourage them to check providers have put in place their own protective measures • send them the link to the guidance for parents and carers 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
During PE lessons pupils should be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor sports are prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene This has been removed from the master version of the RA however we continue to follow this protocol	Askwith School will refer to the following advice: guidance on the phased return of sport and recreation and guidance from Sport England for grassroots sport advice from organisations such as the Association for Physical Education and the Youth Sport Trust	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Social Distancing Measures Not Followed During Travel to and from School				
Parents and pupils are encouraged to walk or cycle to their education setting where possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport	safer travel guidance for passengers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	see risk assessment for ASCoaches			
Inadequate Cleaning				
A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of rooms / shared areas that are used by different groups is in place	See procedures document cleaning	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Frequently touched surfaces, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal	See procedures document for touchpoint cleaning	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use	See procedures document for touchpoint cleaning	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day	See procedures document	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how play equipment is used ensuring it is appropriately cleaned between groups of children using it	Rota for playground equipment has been created so that it is not shared between bubbles and adequate time is given between bubbles after cleaning	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor playground equipment should be more frequently cleaned	This would also apply to resources used inside and outside by wraparound care providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shared Resources				
For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared	<ul style="list-style-type: none"> • Staff each have a small bag for personal resources • Children have their own pencil case with resources or given school resources to keep in their tray • See letter to parents 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Classroom based resources, such as books and games, can be used and shared within	See procedures document	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

the bubble; these are cleaned regularly, along with all frequently touched surfaces				
Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles	See procedures document	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils can bring essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy) in to school	See procedures document/letter to parents	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The ability to clean equipment used in the delivery of therapies, for example, physiotherapy equipment or sensory equipment has been assessed and where cleaning or disinfecting is not possible or practical, resources will be either: <ul style="list-style-type: none"> • restricted to one user • left unused for a period of 48 hours (72 hours for plastics) between use by different individuals 	Determine whether this equipment can withstand cleaning and disinfecting between each use before it is put back into general use	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources	Reading books can be taken home but must be cleaned and left unused before another child uses it The school may need to isolate the books for 48 hours before marking	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day	Staff laptops are cleaned at the start and end of each day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Spread of Coronavirus to Staff, CYP and Families, Visitors and Contractors				
Contact with individuals who are required to self-isolate is minimised by ensuring they do not attend the school		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Anybody contacted by NHS Test and Trace or local health protection team and told to self-isolate because they have been a close contact of a positive case, has a legal obligation to do so		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils, staff and other adults must not come into the school if: <ul style="list-style-type: none"> • they have one or more coronavirus (COVID-19) symptoms • a member of their household (including someone in their support bubble or childcare bubble if they have one) has coronavirus (COVID-19) symptoms 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<ul style="list-style-type: none"> they are legally required to quarantine, having recently visited countries outside the Common Travel Area they have had a positive test have been in close contact with someone who tests positive for coronavirus (COVID-19) 				
<p>School makes everyone onsite or visiting aware that they must immediately cease to attend and not attend for at least 10 days from the day after:</p> <ul style="list-style-type: none"> the start of their symptoms <p>the test date if they did not have any symptoms but have had a positive LFD or PCR test (if an LFD test is taken first, and a PCR test is then taken within 2 days of the positive lateral flow test, and is negative, it overrides the LFD test and the pupil can return to school)</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>The pupil or staff member who tested positive for coronavirus (COVID-19) can return to their normal routine and stop self-isolating after they have finished their isolation period and their symptoms have gone or if they continue to have only a residual cough or anosmia</p>	<p>This is because a cough or anosmia can last for several weeks once the infection has gone. If they still have a high temperature after 10 days or are otherwise unwell, you should advise them to stay at home and seek medical advice.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>The school recognises that if they have two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their local health protection team who will be able to advise if additional action is required</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Where a pupil routinely attends more than one setting on a part time basis, for example because they are dual registered at a mainstream school and a special setting, the settings should work through the system of controls collaboratively, enabling them to address any risks identified and allowing them to jointly deliver a broad and balanced curriculum for the pupil. Pupils should be able to continue attending both settings.</p>	<p>While some adjustment to arrangements may be required, pupils in this situation should not be isolated as a solution to the risk of greater contact except when required by specific public health advice</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Where individuals are self-isolating and are within the definition of vulnerable, school has put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support.</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Where schools and colleges are carrying out their own testing regime, they make it clear to staff and pupils that a negative test result does not remove the risk of transmission.	In some cases, someone who has tested negative may still have the undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures whether or not they have been tested	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
All CEV pupils should attend their school unless they are one of the very small number of pupils under paediatric or other specialist care and have been advised by their GP or clinician not to attend		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CEV individuals are no longer advised to shield but must continue to follow the rules in place for everyone under the current national restrictions		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff with specific health conditions who fall within the CEV category and have been shielding, are advised to stay at home as much as possible. If working from home is not possible, they may be asked to return to work. Consideration should first be given to roles in school where it is possible to maintain social distancing. Returning is subject to an individual risk assessment and being able to maintain social distancing as much as possible	Individual risk assessments are needed and guidance must be sought	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those living with someone who is CEV can still attend work where home-working is not possible and should ensure they maintain good prevention practice in the workplace and home settings		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CV staff can continue to attend school. While in school they must follow the system of controls to minimise the risks of transmission	Social distancing and hygiene procedures are adhered to	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff who live with those who are CV can attend the workplace but should ensure they maintain good prevention practice in the workplace and at home	Social distancing and hygiene procedures are adhered to	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Current evidence shows that a range of factors mean that some people may be at comparatively increased risk from coronavirus (COVID-19) where it is not possible to work from home, these staff can attend school as long as the system of controls	information available on who is at higher risk from coronavirus	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase. Individual Risk Assessments will need to be subject to regular review</p> <p>RCOG Q&A covid19 virus infection and pregnancy</p>			
<p>We currently advise, due to the increased risk of serious illness and premature birth after 28 weeks gestation arising from Covid, that pregnant colleagues in their 3rd trimester do not attend a physical workplace. Therefore, from now on pregnant employees in their 3rd trimester should be directed to work from home if they are currently attending a workplace. This should happen as soon as possible, and so managers are required to send home any pregnant employees who have reached the start of their 28th week of pregnancy</p>	<p>As pregnant women are currently advised not to be vaccinated and there continues to be moderate levels of coronavirus transmission within the community, we have decided to continue to advise those in the 3rd trimester of pregnancy to continue to remain away from workplaces</p> <p>As per NYCC and CYC recommendation</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>All employers have a duty of care to their employees, and this extends to their mental health.</p> <p>Make sure you have explained to all staff the measures you are putting in place. Discuss with all staff any changes in place as part of these measures.</p> <p>Because some staff may be particularly anxious about returning, you may need extra systems in place to support staff wellbeing</p>	<p>Read about the: extra mental health support for pupils and teachers, Wellbeing for Education return programme</p> <p>Education Support provides a free helpline for school staff and targeted support for mental health and wellbeing</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Volunteers may be used to support the work of the school, as would usually be the case</p>	<p>Mixing of volunteers across groups should be kept to a minimum, and they</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	should remain 2 metres from pupils and staff where possible			
Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where it is necessary to use supply staff and peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to minimise contact and maintain as much distance as possible from other staff	Music teacher and Premiere Sports teacher will be made aware of procedures on first visit	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Supply staff, volunteers and other temporary or peripatetic staff can move between schools.	<p>They should ensure they minimise contact and maintain as much distance as possible from other staff. Such staff and visitors must follow your school's arrangements for managing and minimising risk based on the system of controls. They should also have access to information on the safety arrangements and be provided with this as soon as possible after the booking. This also applies to other temporary staff and volunteers working in schools such as:</p> <ul style="list-style-type: none"> • support staff working on a supply basis • peripatetic staff such as music tutors and sports coaches <p>those working in before and after school clubs</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Becoming Unwell				
If anyone in the school becomes unwell with a new, continuous cough or a high temperature,	Other members of their household	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must</p> <ul style="list-style-type: none"> • be sent home to begin isolation - the isolation period includes the day the symptoms started and the next 10 full days • be advised to follow the guidance for households with possible or confirmed coronavirus (COVID-19) infection - GOV.UK (www.gov.uk) <p>be advised to arrange to have a test as soon as possible to see if they have COVID-19</p>	<p>(including any siblings) should self-isolate. Their isolation period includes the day symptoms started for the first person in their household, or the day their test was taken if they did not have symptoms, whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test), and the next 10 full days. If a member of the household starts to display symptoms while self-isolating they will need to restart the 10 day isolation period and book a test</p>			
<p>If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. A window should be opened for fresh air ventilation if it is safe to do so</p>	<p>The staff room is the designated isolation area – see procedures document If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people One member of staff</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/> /	<input type="checkbox"/>
<p>If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else</p>	<p>Designated toilet: adult only toilet</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs)</p>	<p>See Inadequate Personal Protection & PPE section of this risk assessment</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>In non-residential schools, if a pupil displays coronavirus (COVID-19) symptoms, or has a positive test, while at their school they should avoid using public transport and, wherever possible, be collected by a member of their family or household</p>	<p>If someone who uses dedicated transport tests positive, local authorities should work with schools and colleges to identify close contacts</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>In exceptional circumstances, if parents or carers cannot arrange to have their child collected, if age-appropriate and safe to do so the child should walk, cycle or scoot home following a positive test result</p>	<p>If this is not possible, alternative arrangements may need to be organised by the school. The local authority may be able to help source a suitable vehicle which would provide appropriate protection for the driver, who must be made aware that the individual has tested positive or is displaying symptoms</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.</p>	<p>Anyone with coronavirus (COVID -19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Any member of staff who has provided close contact care to someone with symptoms, regardless of whether they are wearing PPE, and all other members of staff or pupils who have been in close contact with that person, do not need to go home to self-isolate unless:</p> <ul style="list-style-type: none"> the symptomatic person subsequently tests positive they develop symptoms themselves (in which case, they should self-isolate immediately and arrange to have a test) they are requested to do so by NHS Test and Trace or the Public Health England (PHE) advice service (or PHE local health protection team if escalated) which is a legal obligation they have tested positive from an LFD or PCR test as part of a community or worker programme. If an LFD test is taken first, and a confirmatory PCR test is then taken within 2 days of the positive lateral flow test, and is negative, it overrides the LFD test and the individual can return to school 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell	See handwashing guidance/posters around school	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people	COVID-19: cleaning of non-healthcare settings guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Developing Symptoms				
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to book a test if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit	The advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School have received an initial supply of 10 PCR test kits before the start of the autumn term in 2020 and information about how to order to replenish this supply when they are running out	You can replenish these kits when they run out by making an order through the online portal. You should call the Test and Trace helpdesk on 119	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School determines how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils.	The test kits sent to schools are provided to be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to accessing testing elsewhere. These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school. In particular, these tests kits will also help ensure that symptomatic staff can also get a test and if they test	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	negative, can return to work as soon as they no longer have symptoms of coronavirus (COVID-19). Further information is provided in our guidance Coronavirus (COVID-19): test kits for schools and FE providers .			
The asymptomatic testing programme does not replace the current testing policy for those with symptoms. Anyone with symptoms (even if they recently had a negative LFD test result), should still self-isolate immediately according to government guidelines		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It remains essential that anyone who gets a positive result from an LFD test self-isolates immediately, as must other members of their household, while they get a confirmatory PCR test		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whilst awaiting the confirmatory PCR result, pupils, students and staff and close contacts should continue to self-isolate		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those with symptoms are expected to order a test online or visit a test site to take a lab-based polymerase chain reaction (PCR) test to check if they have the virus		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace	COVID-19: guidance for households with possible coronavirus infection guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)	COVID-19: guidance for households with possible coronavirus infection guidance Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and staff are asked to inform the school immediately of the results of a test	Schools must not share the names or details of people with coronavirus (COVID-19) unless	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	essential to protect others			
If a member of the household starts to display symptoms while self-isolating they will need to restart the 10-day isolation period and book a test.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If anyone tests positive whilst not experiencing symptoms, but develops symptoms during the isolation period, they must restart the 10-day isolation period from the day they developed symptoms.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests negative for coronavirus (COVID-19), then they need should stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 14 days from the date of that contact	COVID-19: guidance for households with possible coronavirus infection guidance Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation See letter to parents A hand held laser thermometer has been purchased	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 14-day isolation period	This is because they could still develop coronavirus (COVID-19) within the remaining days	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should continue to self-isolate until their temperature returns to normal. Other members of their household should all self-isolate for the full 14 days	Askwith Primary School will take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID - 19). Askwith Primary School will contact the local health protection team. This team will also contact school directly if they become aware that someone who has tested positive for coronavirus (COVID - 19) attended the school – as	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	identified by NHS Test and Trace			
Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious	<p>Close contact can be anyone who:</p> <ul style="list-style-type: none"> lives in the same household as someone with coronavirus (COVID-19) symptoms or who has tested positive for coronavirus (COVID-19) has had any of the following types of contact with someone who has tested positive for coronavirus (COVID-19) with either a PCR test or LFD test (if a confirmatory PCR test is negative, provided it was taken within two days of the positive LFD, it overrides the lateral flow test and close contacts can stop self-isolating): face-to-face contact including being coughed on or having a face-to-face conversation within 1 metre been within 1 metre for 1 minute or longer without face-to-face contact been within 2 metres of someone for more than 15 minutes (either as a one-off contact or added 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	up together over 1 day) travelled in the same vehicle or a plane			
School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority	This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Health England has good evidence that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Hand Washing/Personal Hygiene				
Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including; <ul style="list-style-type: none"> when they arrive at the school when they return from breaks when they change rooms before and after eating	Posters around school Daily reminders Daily routine PSHE sessions Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how often pupils and staff will need to wash their hands and incorporated time for this is in timetables or lesson plans		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands and this has been considered		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Help given to pupils with complex needs to clean their hands properly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

order to support these pupils and the staff working with them				
Hands are washed with liquid soap & water for a minimum of 20 seconds	Daily reminders Posters around school	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION . In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion	Skin friendly cleaning wipes can be used as an alternative	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has embedded hand washing routines into school culture, supported by behaviour expectations to help ensure younger pupils and those with complex needs understand the need to follow them.	Very established routines of handwashing in school. Younger children are supervised.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	    Posters displayed around school	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has embedded the 'catch it, bin it, kill it' approach to ensure younger pupils and those with complex needs get this right, and that all pupils understand that this is now part of how the school operates	The e-bug website contains free resources for schools, including materials to encourage good hand and respiratory hygiene	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Personal Protection & PPE				
Adults (staff and visitors) in Primary schools DO wear face coverings in areas outside of the classroom		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Children in Primary schools do not need to wear a face covering		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Face visors or shields are not routinely worn as an alternative to face coverings	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Transparent face coverings can also be worn, but only to assist communication with someone who relies on lip reading, clear sound or facial expression to communicate		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Face visors or shields can be worn by those exempt from wearing a face covering but they are not an equivalent alternative in terms of source control of virus transmission	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer. Visors should only be used by those exempt from wearing a face covering after carrying out a risk assessment for the specific situation and should always be cleaned appropriately	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those who rely on visual signals for communication, or communicate with or provide support to such individuals, are currently exempt from any requirement to wear face coverings in schools or in public places		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to staff on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

safe storage of them in individual, sealable plastic bags between use				
Where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully	Staff may consider bringing a spare face covering to wear if their face covering becomes damp during the day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs	A supply of disposable face coverings are stored in the office	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has a process for when face coverings are worn within the school and how they should be removed	This procedure should be communicated clearly to adults	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn	safe working in education, childcare and children's social care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE for coronavirus (COVID-19) is required when performing aerosol generating procedures (AGPs)		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When working with children and young people who cough, spit or vomit but do not have coronavirus (COVID-19) symptoms, only any PPE that would be routinely worn, is worn		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Visitors, Contractors & Spread of Coronavirus				
All visitors and contractors must make prearranged appointments or they will not be allowed on site	Any deliveries will be left at the door Contact details will be taken from all visitors Visitors will be asked to wear face coverings when moving around communal areas in school where it's difficult to maintain social distancing, unless they're exempt from wearing one	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where visits can happen outside of school hours, they are arranged as such		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace.	See visitor log in the office A clean pen/used pen system is in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Ventilation				
Occupied spaces must always be well ventilated and a comfortable teaching environment maintained	<p>This can be achieved by a variety of measures including:</p> <p>mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	they are within a single room and supplemented by an outdoor air supply)			
Ventilate spaces with outdoor air	natural ventilation – if necessary external opening doors may also be used provided this doesn't compromise safeguarding measures. Doors and windows will be opened wherever possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible, occupied room windows should be open.	Doors and windows will be opened throughout the day. Air is purged during playtime/lunchtime	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal	Further advice on this can be found in Health and Safety Executive guidance on air conditioning and ventilation during the coronavirus outbreak and CIBSE coronavirus (COVID-19) advice .	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Fire doors must not be propped open unless they have a self-closing hold open device fitted	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to opening high level windows in preference to low level to reduce draughts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to only opening every other window instead of all windows when the heating is activated		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school offers flexibility to allow additional, suitable indoor clothing	For more information see School uniform	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air	Desk fans are pointed away from people and pointed at walls etc.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fire and Intruder Alarms and Emergencies, Including Lockdown				
All staff and CYP to undergo induction in the fire and emergency routines accident/first aid procedures and lockdown procedures. This may not be the usual routes. Repeat as necessary with new starters (staff/young people)	Children and staff will be guided through new procedures prior to a fire drill	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
What is the level of risk for this activity/situation with existing control measures		High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>
Is the risk adequately controlled with existing control measures		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Have you identified any further control measures needed to control the risk and recorded them in the action plan		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
ACTION PLAN (insert additional rows if required)	To be actioned by			
Further control measures to reduce risks <i>so far as is reasonably practicable</i>	Name	Date		
See procedure document				
State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment		High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Is activity still acceptable with this level of risk?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
If no, has this been escalated to senior leadership team?		Yes <input type="checkbox"/>		No <input type="checkbox"/>
Assessor(s):	EN/LL	Signature(s):		
Position(s):	HT/AHT			
Date:	20.04.2021	Review Date:		

Distribution: staff and governors

We recommend that this risk assessment is shared with staff and unions

Risk rating	Action
HIGH	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM	Review/add controls (as far as reasonably practicable) & monitor
LOW	Monitor control measures

POTENTIAL OUTCOME		LIKELIHOOD		POTENTIAL OUTCOME				
Catastrophic	Fatal injury/permanent disability	Highly likely	More likely to occur	Catastrophic				
Major	RIDDOR reportable specified injury/ disease/loss of consciousness	Likely		Major				
Moderate	Minor injury (requiring first aid)	Possible		Moderate				
Minor	Minor injury	Unlikely		Minor				
Insignificant	Minor injury	Remote	Less likely to occur	Insignificant				
				LIKELIHOOD				
				Remote	Unlikely	Possible	Likely	Highly Likely

The main changes are in **yellow** and include;

- Domestic Residential visits taking place from next week
- Face coverings - no longer a requirement for secondary pupils to wear these in school BUT the unions and Amanda Newbold (NYCC Assistant Director of CYPs) agreed that asking pupils to wear them in areas outside the classrooms was best practice. I have put this in the risk assessment but it is up to secondary schools themselves whether to implement this or not
- There is no change to seats being in rows, group sizes or mixing of groups
