

## Maths

### Number

#### *New Knowledge*

- **objects can be counted (up to 3)**
  - one-to-one principle
  - stable order
  - cardinal principle
- visual representations of numbers up to 3
- **order of numbers up to 5**
  - counting aloud
  - forwards
  - backwards
  - on fingers
  - objects

### Shape, Space and Measure

#### *New Knowledge*

- **use positional language (in front of, behind, on top of, underneath, next to, before and after) to:**
  - understand and describe where objects are with no pointing
  - describe a familiar route e.g. the drive to school
- **explore 2D and 3D shapes**
  - select appropriate shapes to build stable structures
  - know that shapes can be combined to make new shapes
  - use informal and mathematical language to describe shapes
    - sides, corners, straight, flat, round
