

Spring Term Curriculum 2024

Year 4 Essential Knowledge

Maths: Length and Perimeter

1. Measuring length:

- how to measure in kilometres and meters
- how to find equivalent lengths (kilometres and meters)

2. Measuring perimeter:

- how to measure the perimeter of a grid
- how to measure the perimeter of a rectangle
- how to measure the perimeter of rectilinear shapes
- how to find missing lengths of rectilinear shapes
- how to calculate the perimeter of rectilinear shapes
- how to measure the perimeter of polygons
